

Event Program

Global Oral Cancer Symposium 2020

July 25 - 26, 2020

Mission

The AO's mission is promoting excellence in patient care and outcomes in trauma and musculoskeletal disorders.

Purpose statement

Our goal is to promote excellence in facial surgery across the specialties through teaching and learning, combined with research and development.

The AO principles of fracture management

1

Fracture reduction and fixation to restore anatomical relationships.

2

Fracture fixation providing absolute or relative stability, as required by the "personality" of the fracture, the patient, and the injury.

3

Preservation of the blood supply to soft-tissues and bone by gentle reduction techniques and careful handling.

4

Early and safe mobilization and rehabilitation of the injured part and the patient as a whole.

Content

6	Online Module 1: Saturday, July 25, 2020
7	Online Module 2: Sunday, July 26, 2020
8	Event organization
8	General information
9	Academic Partners
10	Principles of AO educational events

Goal of the symposium

1. Capacity building of healthcare professionals in early detection and prevention of oral cancer
2. Update in recent advances in the management of oral cancer
3. Discussion of controversies in oral cancer through a case-based approach

Target participants

Healthcare professionals treating oral cancer including postgraduate medical and dental specialties

Event objectives

After the course participants will be able to:

- Apply recent advances in prevention and management of oral cancer
- Describe the ongoing research in early detection techniques and the emerging therapeutic options for early and advanced oral cancers

Course description

This online course on oral cancer covers all facets of the early detection and management of oral cancer from prevention and early diagnosis to recurrent and metastatic cancer treatment.

Contributors

Faculty Day 1

Gregorio Sanchez Aniceto, AO CMF, Spain
Pankaj Chaturvedi, International Federation of Head and Neck Oncological Societies (IFHNOS), India
Marcel Figari, AO CMF, Argentina
Moni Kuriakose, International Academy of Oral Oncology IAOO and AO CMF, India
Jatin P Shah, USA
Rengaswamy Sankaranarayanan (IARC), India
Petra Wilder-Smith, USA
Snehal Patel, USA
Thomas Reiner, USA
Amritha Suresh, India
Camile Farah, Australia
Praveen Birur, India
Deepa Nair (TMH), India
Louis Kowalski, Brazil
Devendra Chaukar, India
Sonar Soni Panigoro, Indonesia
Jose Luis Cebrian-Carretero, Spain
Sudhir Nair, India
Vidisha Tuljapurkar, India
Shivakumar Thiagarajan, India
Munita Bal, India

Faculty Day 2

Pankaj Chaturvedi, International Federation of Head and Neck Oncological Societies (IFHNOS)
Gregorio Sanchez Aniceto, AO CMF, Spain
Ian Ganly, USA
M. Veerabahu, AOMSI president, India
Pratamesh Pai, India
Sat Parmar, United Kingdom
Ana Castro, Portugal
Kumar Prabhash, India
Sarbani Laskar, India
Choi Eun Chang, China
Dan Fliss, Israel
Moni Kuriakose, India
Claudio Cernea, Brazil
Rui Fernandes, United States of America
Susana Heredero, Spain
Anjua Deshmukh, India
Jan Vermorken, Belgium
Subramania Iyer, India

Day 1: Saturday, July 25, 2020

TIME	DURATION	AGENDA ITEM	CONTRIBUTOR
Online Module 1: Oral cancer early detection: strategies and technologies			
13:30 -13.35	5	Welcome and introduction	Devendra Chaukar, Moni Kuriakose, Gregorio Sanchez Aniceto
13:35 – 13:45	10	Keynote Lecture 1 The new norms in head and neck patient care and education	Jatin P Shah
13:45 – 13:55	10	Keynote Lecture 2 Global strategies and challenges for global oral cancer early detection	Rengaswamy Sankaranarayanan
13:55 – 14:35	40	Panel Discussion 1: Emerging technologies in oral cancer detection 1. Fluorescence imaging/optical coherence imaging 2. Confocal microscopy 3. Molecular imaging 4. Saliva 5. Cytology 6. Mobile health	Moderators: Marcelo Figari, Moni Kuriakose, Sudhir Nair Petra Wilder-Smith Snehal Patel Thomas Reiner Amritha Suresh Camile Farah Praveen Birur
14:35 – 14.45	10	Q & A including chat box and moderators	Coordinators: Vidisha T, Gregorio Sanchez Aniceto
14:45– 15:15	30	Panel Discussion 2: Case based discussion: oral potentially malignant cancers (PMD) and early oral cancers	Moderator: Deepa Nair Panelists: Camile Farah, Louis Kowalski, Moni Kuriakose, Shivakumar T, Marcelo Figari, Sonar Soni Panigoro, Jose Luis Cebrian-Carretero, Munita Bal
15:15- 15:25	10	Q & A including chat box and moderators	
15:25 – 15.30	5	Take Home message	Moni Kuriakose, Gregorio Sanchez

			Aniceto, Jatin P Shah
--	--	--	-----------------------

Day 2: Sunday, July 26, 2020

TIME	DURATION	AGENDA ITEM	CONTRIBUTOR
Online Module 2: Advanced oral cancer management: controversies to consensus			
13:30 – 13:35	5	Introduction	Prathamesh Pai, Gregorio Sanchez Aniceto
13:35 – 13:45	10	Keynote Lecture 3 Controversies in systemic therapy for advanced oral cancer	Jan Vermorcken
13:45 – 13:55	10	Keynote Lecture 4 Functional reconstruction in advanced oral cancer	Sat Parmar
13:55 – 14:55	60	Panel Discussion 3: Case-based discussion: advanced, recurrent and metastatic oral cancer	Moderators: Pankaj Chaturvedi, Ana Castro Panelists: Kumar Prabhash Sarhani Laskar Choi Eun Chang Dan Fliss Moni Kuriakose Claudio Cernea Rui Fernandes Ian Ganly Susana Heredero Subramaniam Iyer
14:55 – 15:30	35	Q & A including chat box and moderators & Take home message	Coordinators: Anuja Deshmukh, Marcelo Figari All faculty
		End of symposium

AO funding sources

Unrestricted educational grants from different sources are collected and pooled together centrally by the AO. All events are planned and scheduled by local and regional AO surgeon groups based on local needs assessments. We rely on industrial/commercial partners for in-kind support to run simulations/skills training if educationally needed.

General information

Course fee

Global Oral Cancer Symposium: free of charge

Intellectual property

Event materials, presentations, and case studies are the intellectual property of the event faculty. All rights are reserved. For more information, please see: www.aofoundation.org/legal. Recording, photographing, or copying of lectures, practical exercises, case discussions, or any course materials is absolutely forbidden.

The AO Foundation reserves the right to film, photograph, and audio record during their events. Participants must understand that in this context they may appear in these recorded materials. The AO Foundation assumes participants agree that these recorded materials may be used for AO marketing and other purposes, and made available to the public.

Academic Partners

Association of Oral and Maxillofacial Surgeon of India (AOMSI)

Indian Dental Association (IDA)

Principles of AO educational events

1. Academic independence

Development of all curricula, design of scientific event programs, and selection of faculty are the sole responsibilities of volunteer AO network surgeons.

All education is planned based on needs assessment data, designed and evaluated using concepts and evidence from the most current medical education research, and reflects the expertise of the AO Education Institute (www.aofoundation.org).

Industry participation is not allowed during the entire curriculum development and planning process to ensure academic independence and to keep content free from bias.

2. Compliance to accreditation and industry codes

All planning, organization, and execution of educational activities follow existing codes for accreditation of high-quality education:

- Accreditation Criteria of the Accreditation Council for Continuing Medical Education, US (www.accme.org)
- ACCME Standards for Commercial Support: Standards to Ensure Independence in CME Activities (www.accme.org)
- Criteria for Accreditation of Live Educational Events of the European Accreditation Council for Continuing Medical Education (www.uems.eu)

Events that receive direct or indirect unrestricted educational grants or in-kind support from industry also follow the ethical codes of the medical industry, such as:

- Eucomed Guidelines on Interactions with Healthcare Professionals (www.medtecheurope.org)
- AdvaMed Code of Ethics on Interactions with Health Care Professionals (advamed.org)
- Mecomed Guidelines on Interactions with Healthcare Professionals (www.mecomed.org)

3. Branding and advertising

No industry logos or advertising (apart from the AO Foundation and its clinical divisions) are permitted in the area where educational activities take place.

Sponsors providing financial or in-kind support are allowed to have a promotional booth or run activities outside the educational area with approval from the event chairperson.

4. Use of technologies and products in simulations

In case simulations are chosen as an educational method to educate skills, we only use technology approved by the AO Technical Commission—a large independent group of volunteer surgeons developing and peer reviewing new technology.

More information about the AO Technical Commission and its development and approval processes can be found on the AO's website: www.aofoundation.org.

5. Personnel

Industry staff members are not permitted to interfere with the educational content or engage in educational activities during the event.
