

Global Oral Cancer Diploma Applications are open for the first global cohort

August 31, 2024

Global

Language: English

AO CMF, in collaboration with the International Academy for Oral Oncology (IAOO), proudly present the Global Oral Cancer Diploma – an advanced online program designed to provide professionals like yourself with a standardized, evidence-based knowledge platform for the effective treatment and management of oral cancer cases.

Why take part?

- Positively impact your career by being recognized as an AO CMF and IAOO-trained oral cancer surgeon worldwide
- Flexible online training program
- Attend live sessions with expert faculty and take part in interactive case discussions
- This is the first multidisciplinary training program developed for surgeons dealing with oral cancer
- Benefit from the experience and support of global leaders in oral cancer during the learning pathway

Timeline

Program starts:

- August 31, 2024: Welcome session - online (60 minutes)
- December 15, 2024 – January 15, 2025 (Winter break)
