AO CMF, in collaboration with the International Academy of Oral Oncology (IAOO), presents the Global Oral Cancer Diploma—an advanced online program providing a standardized, evidence-based framework for the treatment and management of oral cancer.

Why take part?

- Gain global recognition as an AO CMF and IAOO-trained oral cancer surgeon
- Receive certificate of completion and CME accreditation
- Flexible online training program (average 2-3 h/week)
- Attend monthly live sessions with expert faculty and take part in interactive case discussions
- Take part in the first multidisciplinary training program developed for surgeons dealing with oral cancer
- Benefit from the experience and support of global leaders in oral cancer during the learning pathway
- Access to a limited number of AO CMF Short-term International Fellowship Program seats (6-8 weeks) at selected renowned centers, reserved for successful graduates (selection criteria apply).
